

IRREGULAR VERBS (GAME BINGO)

Printed out from metodickyweb.cz

Author:	Hana Slípková	Product:	TOGlic,
Subject:	English Foreign language	Pupil count:	does not matter
Time needed:	10 minutes	Accessories:	tablets/PC/smart phones, www.TOGlic.com - activity Word Bingo
Pupil age:	12-15 years		

TARGET

Practising forms of the irregular verbs in English, instant feedback for the teacher

PREPARATION

Go to www.TOGlic.com and log in. Choose the option *Activities - Working with words - Word bingo* from the Start screen.

Choose the matrix size - 3 × 3 fields or 4 × 4 fields.

Prepare a set of questions and answers, like:

- question: **write (past simple)** -> answer: **wrote**
- question: **write (past participle)** -> answer: **written**

Pay attention - if two questions have the same answer (e.g. put (past simple) = **put**, put (past participle) = **put**), you can use just one of them. Every answer must be unique.

18 pairs are required for the 3 × 3 matrix and 32 pairs for the 4 × 4 matrix. When preparing for the activity, the pairs must be set in a way they truly match together. Don't forget to save your set.

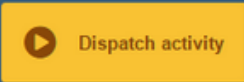

Or you can use prepared set. There are two prepared sets (every contains 32 answers&questions) - you can play repeatedly and practise more verbs ([pre-intermediate level](#)). To use prepared sets just click on the links below (registration/log in is required):

[Irregular verbs 2](#)

Enter question:	Answer:	Enter question:	Answer:	Enter question:	Answer:
swim (past simple)	swam	give (past simple)	gave	forget (past simple)	forgot
drink (past simple)	drank	eat (past simple)	ate	wear (past simple)	wore
draw (past simple)	drew	see (past simple)	saw	go (past simple)	went
do (past simple)	did	take (past simple)	took	fly (past simple)	flew
drive (past simple)	drove	speak (past simple)	spoke	meet (past simple)	met
swim (past participle)	swum	get (past simple)	got	forget (past participle)	forgotten
drink (past participle)	drunk	give (past participle)	given	wear (past participle)	worn
draw (past participle)	drawn	eat (past participle)	eaten	go (past participle)	gone
do (past participle)	done	see (past participle)	seen	fly (past participle)	flown
send (past participle)	sent	take (past participle)	taken	sleep (past participle)	slept
drive (past participle)	driven	speak (past participle)	spoken		

The activity is going to be dispatched to 0 of devices.

By clicking at the *Dispatch activity* button, send sections of the tasks to all pupil devices. Don't show your screen to pupils, it's better to dispatch it from your PC, tablet or smartphone.

PROGRESS

Once the activity is dispatched, a randomly selected half of your prepared answers matrix is displayed on each pupil tablet. An overview of "questions" is displayed in a random order on the teacher tablet.

The teacher will use the *Dispatch a task* button to send to the pupil devices the first batch of the "questions", i.e. the "fly (past participle)". The pupils are tasked to find the right form of the verb in the matrix and click at it to mark it. The green highlight means a correct answer has been marked. Where an incorrect result has been marked, the field will first turn red and then the highlight goes off (as if the answer were never selected). The pupil is allowed to make only one such selection attempt, i.e. it is important to warn them they will be unable to correct it.

T2Glic

go (past participle)

sent	did	went	flown
spoken	ate	saw	got
taken	spoke	forgot	flaw
drawn	drunk	given	forgotten

T2Glic

go (past participle)

saw	forgot	gone	flown
given	drew	swum	ate
swam	did	gave	worn
seen	spoken	wore	done

The teacher sends the tasks one by one. She/he may display the results on her/his teacher device (a tablet, secondary display) to view instantly if and how each of the pupils have responded:

-  The pupil has not responded as yet
-  has selected the correct answer

 has selected an incorrect answer

 had not the answer available in her/his matrix

Teacher Dispatch a task >

DISPLAY RESULTS

User:	1)	fly (past participle)	give (past simple)	wear (past simple)	do (past simple)	go (past participle)
Hana		✗	—	—	✓	✗
Mike	1	✓	✓	✓	✓	✓

Student 1

go (past participle)

W	got	gone	flown
en	drew	swum	ate
swam	did	gave	worn
seen	spoken	wore	done

BINGO!

TOGlic

go (past participle)

sent	did	went	flown
spoken	ate	saw	got
taken	spoke	forgot	flew
drawn	drunk	given	forgotten

Student 2

The Bingo winner is the pupil who is the first to highlight all the three (or four, in a 4x4 matrix) powers in the same (horizontal, vertical or diagonal) line and calls out BINGO! As the teacher, you are able to check such information instantly against your displayed results.

Set a rule before starting the game how the winner will be determined if multiple pupils get Bingo within the same draw.

- First one to call out?
- First one to highlight the three numbers? (this information is recorded by the application and you can see it in the table)
- All of them?

OPTIONS

TIP #1: You can change all the prepared sets - i.e. switch some verbs. Save the changed set to "My lesson"

TIP #2: Prepared sets can be quite difficult for beginners. You can prepare simpler version: question is verb in your mother tongue and question is verb in English (basic form). The pupils are tasked to find the English verb. Teacher can see the results - then asks one pupil to present the right answer and tell all three forms of the irregular verb.

TIP #3: You may also run other options:

- Game goes on until all pupils get Bingo
- Winner is the pupil who is the first one to achieve a completely green matrix
